### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Betty J. Zea on Monday, September 27, 2004.

The application has been amended as follows:

#### In Reference to Claims 12-17

The dependency of each of these claims has been changed from "claim 1" to "claim 11".

#### In Reference to Claims 18-25

Claims 18-25 have been canceled.

The above amendment to claims 12-17 was required to correct a typographical error in the claims. The cancellation of claim 18 was to expedite allowance by obviating a repeat of the rejection as made on canceled claim 8. The cancellation of claims 21-25 was to obviate a restriction requirement.

### *Reasons For Allowance*

2. The following is an examiner's statement of reasons for allowance:

The inclusion in claim 11 of the divider being made from a substantially rigid material and substantially non-displaceable in response to application of compressive

force to the body, in combination with the other claim limitations was not found or fairly suggested by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Information Disclosure Statement***

3. All references of record in parent application 10/342,916 have been considered. However, as applicant has failed to list the patents on a FORM PTO-1449, unless they have been listed on the examiners notice of references cited, they will not be printed on the face of any patent issuing from this application. Should applicant wish these references to be printed, a FORM PTO-1449 listing those patents should be provided.

### ***Conclusion***
